DocPoint Solutions and Atalasoft Team Up to Provide Microsoft SharePoint Solutions

Fulton, Md. – May 12, 2009 – DocPoint Solutions, Inc. (www.docpointsolutions.com), a subsidiary of [Quality Associates, Inc.](http://www.qualityassociates.com), focused on providing Microsoft® SharePoint® to organizations that are looking to expand employee collaboration and increase the exchange of information, today announced a new reseller relationship with Easthampton, Mass.-based Atalasoft, Inc. (www.atalasoft.com), a leading provider of imaging components and viewing technology for Microsoft platforms.

This new partnership authorizes DocPoint to distribute, customize, and install Atalasoft's Vizit SP software. Vizit SP is a comprehensive solution for viewing, cleaning up, indexing, and annotating documents within the Microsoft SharePoint Server (MOSS). The product is a zero-footprint document viewing system, which means end users can access documents without installing any software or downloading the files to their desktops.

To all clients evaluating the Vizit SP software, DocPoint is also authorized to grant unlimited and free use of the Vizit Previewer. This program provides the user with fast on-screen preview images of any document stored within the SharePoint system.

"We are excited to be working with DocPoint Solutions, a company that also shares a strong focus on Microsoft SharePoint," said Bill Bither, Founder and CEO, Atalasoft. "DocPoint's location near the nation's capital makes them a great partner to serve the U.S. government, and the company's consistent growth makes them a solid and successful business associate."

DocPoint Solutions Vice President Bob Dickerson, said "Atalasoft has created an interesting and innovative product with Vizit SP, and our customers will gain from its inclusion into our

product line. This new viewing system will provide our customers with an easy way to collaborate and share information organization-wide. Our partnership with Atalasoftware creates an environment that allows our customers to further tap into SharePoint's full potential."

DocPoint Solutions provides a full range of consultative services, support, and software for enterprise content management, with a specific focus on providing Microsoft SharePoint to organizations looking to expand employee collaboration efforts and increase information exchange across the enterprise. The company primarily provides its services to government agencies, nonprofits, and corporations.

About Atalasoftware

Atalasoftware, Inc. provides ECM (Enterprise Content Management) imaging technology to thousands of ISVs, systems integrators, and enterprises with millions of end users worldwide. Atalasoftware provides the tools to migrate enterprise solutions from the desktop to the web. Atalasoftware is the producer of imaging technology products including DotImage – the leading imaging toolkit for .NET developers, and Vizit SP – Document Viewing and Imaging for SharePoint.

About DocPoint Solutions, Inc.

DocPoint Solutions is a Microsoft Gold Certified Partner that specializes in implementing, training, and supporting Microsoft Office SharePoint and its integrated suite of products. With a focus on Enterprise Content Management (ECM) and document capture, the company provides a full range of consultative services and support to a wide range of federal, state, and local governments, as well as private and commercial enterprises seeking to fully utilize the inherent value of Microsoft SharePoint. DocPoint is also an approved SharePoint Deployment Planning Service Provider (SDPS).

By combining state-of-the-art solutions with document management expertise and innovative approaches to systems design and integration, DocPoint Solutions strives to ensure that clients attain new levels of effectiveness and productivity. The company is located in the heart of the Washington, D.C. and Baltimore technology corridor in Fulton, Maryland. For more information, call 301-490-7725 or visit www.docpointsolutions.com.
