DocPoint Solutions Partners with KnowledgeLake to Provide Advanced Software for Microsoft SharePoint

Fulton, Md. – June 25, 2008 – DocPoint Solutions, a new subsidiary of Quality Associates, Inc., focused on providing Microsoft® SharePoint® to organizations that are looking to expand employee collaboration and increase the exchange of information, today announced it has been awarded Alliance Partner status by KnowledgeLake, the leading provider of document imaging and capture software for Microsoft SharePoint-based Enterprise Content Management (ECM) solutions.

The partnership authorizes DocPoint Solutions to distribute, customize and implement KnowledgeLake's document capture software suite, which includes Capture Server. Released in March 2008, Capture Server provides an end-to-end solution that allows organizations to easily convert paper documents from any location into electronic data using any device including scanners, multi-function devices, or fax servers. Once converted, these digital documents can then be imported into Microsoft SharePoint, a software platform that facilitates collaboration and supplies access to information across the enterprise.

DocPoint Solutions provides a full range of consultative services, support and software for enterprise content management, with a specific focus on providing Microsoft SharePoint to organizations that are looking to expand employee collaboration efforts and increase information exchange across the enterprise. The company primarily provides its services to government agencies, nonprofits and corporations.

DocPoint Solutions Vice President, Bob Dickerson, said, "Our partnership with KnowledgeLake comes at a time when organizations are becoming increasingly interested in gaining efficiencies and bringing together employees, whether they are located across multiple facilities, remote sites, or even in the next cubicle. Microsoft SharePoint is quickly becoming a major factor in workforce

collaboration, and is often the first choice for most organizations that are selecting a collaboration platform. This partnership provides us with additional knowledge and technology tools that will, in turn, help our customers tap into the full value SharePoint.”

KnowledgeLake, Inc. Vice President of Business Development, Bob Bueltmann, said, "KnowledgeLake is pleased to welcome DocPoint Solutions as our newest Alliance Partner. Teaming with a top-quality service provider with such a strong track record of successful on-site technology deployments ensures that every customer, right down to the individual end user, will achieve the greatest benefit from software tools for enhanced business processes.”
